Would you like to generate Excel speadseets from your Iseries (AS400) data cheaply and efficiently?

Then you need ...

iEXL

Generation of Excel Spreadsheets on IBM Iseries (AS400)

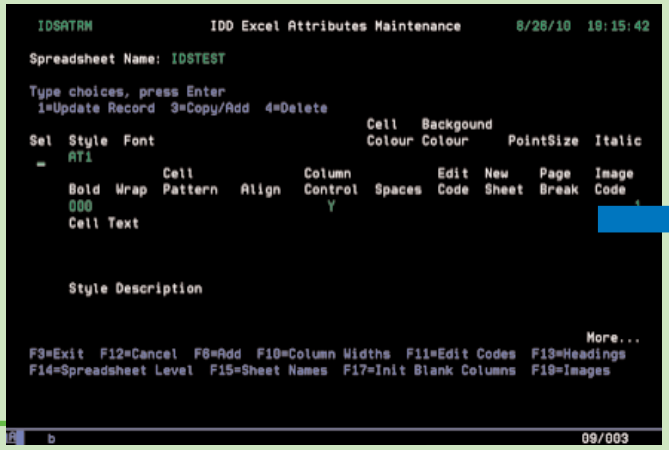
Software

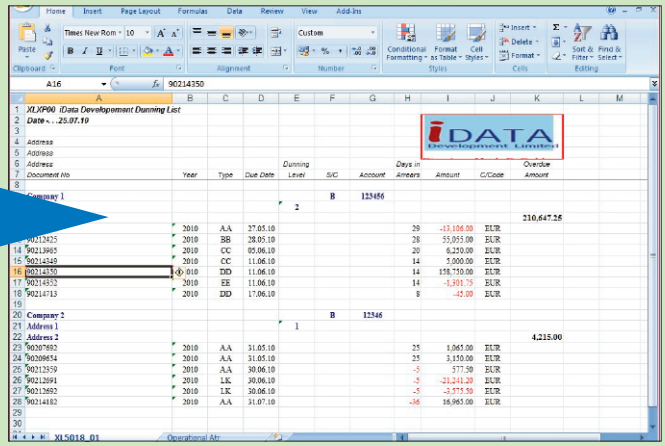
IBM Business Partner

IDATA DEVELOPMENT LTD

http://www.iexlsoftware.com/

Green is great ...
but sometimes only color will do ...





The iEXL product makes the generation of Excel spreadsheets from the AS400, iSeries system easy.

The iEXL software comes with a

FREE 45 day trial

The iEXL product has been designed to simplify the creation of Excel spreadsheets directly on the AS/400, ISERIES or I5. There is no need for further PC packages or Database communications setup to use the iEXL product. The system uses Apache POI software to generate the spreadsheets which is supplied as part of this product. You use RPG, COBOL, JAVA, QUERY, SQL. Whichever is your preference?
